For some age groups, we are only asking for players to come to be evaluated for pitching and catching positions. For the remaining age groups, every player must attend the skill's evaluation to be graded. This is not a tryout. All children who register will play on a team. The skills evaluation is to attempt to grade each child's skill level so that the talent can be divided evenly onto the teams. The coaches need the NEW and RETURNING players to be graded. Players who do not show up for skills evaluations will be placed back in the draft. You will be notified at the skill's evaluation if coaches are needed in your age group. Please be early to your site on skill's day. You will check in with the staff person and your child will be given a number to wear on their arm during the skill's evaluation.
